A welcome message from our partners at Periscope

NJSTART was developed in partnership with Periscope, **powered by SOVRA** * to streamline the process of selling to New Jersey governments. It is a complete procurement technology solution that also supports the State's Cooperative Purchasing Program.

The State of New Jersey is trusting us to manage the Marketplace for both New Jersey agencies as well as vendors such as yourself.

We strive to work with each vendor that has a fully-executed state contract to maximize their New Jersey contract sales and meet their business goals, regardless of size or scope.

Let's get started!

*periscope, powered by SOVRA, is the developer and implementer of the SovraPro eprocurement system (currently branded as NJSTART in New Jersey). periscope manages the NJSTART Marketplace Program with a dedicated account management team in conjunction with the State of New Jersey. SOVRA, periscope's parent company, and is a leader in North American eprocurement.

MARKETPLACE IMPLEMENTATION

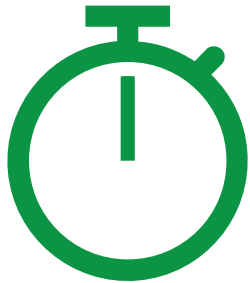

Marketplace Implementation

Vendor Marketplace Presence

Marketplace Implementation includes working 1:1 with a dedicated Marketing Implementation Specialist to create a Marketplace Presence in NJSTART.

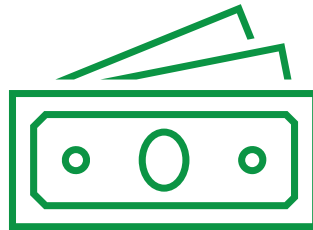

What is a Marketplace Presence?

A Marketplace Presence is how your contract/company is represented in the NJSTART Marketplace. It is one of the ways to promote your business to Government Buyers.

*All information provided must be relevant to the state specific contract. Marketing or promoting off contract products or services or other offers is forbidden. Any pricing referenced must align with the state contract.

Marketplace Presence Compliance Reminder

As a Contractor, you are required to ensure that your marketplace presence fully complies with the scope, terms, and conditions outlined in the referenced Contract or Master/Blanket Purchase Order Number. This requirement is referred to in your contract as NJSTART Marketplace Catalog Enablement or Catalog Enablement.

This is typically found in the following sections of your contract:

- Original Bid/RFP: Section 1 or Section 5 of the Bid Document
- National Cooperative or GSA: Section 5 of the Participating Addendum

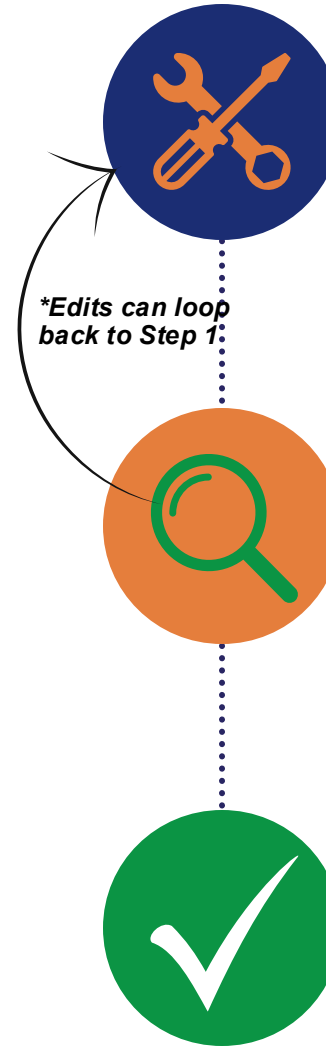

Important: It is always your responsibility to ensure that your Marketplace presence aligns with the scope of the awarded contract. Any deviations must be corrected immediately.

MARKETPLACE DEMO

Marketplace Implementation

3 steps to build your marketplace presence

1. We Build Your Marketplace Presence Proof

Your Implementation Specialist will create a draft Marketplace Presence based on your contract.

***Timeframe: ~2 weeks**

2. You Review & Approve (or Request Changes)

Review the draft and request changes or approve. Prefer a different format? Just let us know.

3. We Publish in the NJSTART Marketplace

Once approved, we'll activate and your presence will go live in NJSTART. You can request changes at any time.

***Live upon final State approval**

REPORTING AND COMPLIANCE

Procurement Efficiency Program

As you are aware, a 1% Procurement Efficiency Program (PEP) fee is applied to all purchases from your state contracts.

Vendor collected administrative fees to fund procurement operations, cooperative programs, and systems are very common across the U.S. These fees are, essentially, a way to improve services to the supplier community and the state. To ensure equity and fairness for the suppliers, the 1% fee is being applied consistently across all statewide contract suppliers.

All statewide contract vendors are required to report their net sales from state, local, and quasi – governmental agencies, on a quarterly basis and pay their Procurement Efficiency Program fee directly through NJSTART via our Reconciler tool, the easy-to- use online reporting tool. Important note: Contract holders are responsible for reporting their dealer and distributor sales.

Periscope will provide all statewide contract vendors with any support necessary to make the process as painless as possible.

You can find a link to the regulation - <https://www.nj.gov/treasury/purchase/pdf/NJAC1712.pdf>

Reporting & Payment Timeline

- Beginning of each reporting period – you will receive a reminder email. Supplier convenience guide and reconciler demo link.
- All NJSTART vendors must submit their reports via the Reconciler system.

QUARTER	REPORT DUE	NON-COMPLIANCE
Q1 January to March	April	May
Q2 April - June	July	August
Q3 July - September	October	November
Q4 October- December	January following year	February following year

Option 1	Option 2	Option 3
ACH Payment	First Class Mail	Overnight Mail

NJSTART Reporting & Payment Support:

Key points when entering your quarterly report.

- Sales should be reported in the quarter where payment is received.
- Contract holders are responsible for reporting their dealer and distributor sales.
- Zero sales still requires a submission.
